

A stylized, light green illustration of a plant with long, thin leaves and a few small buds, positioned on the left side of the page.

Williamsburg Environmental Group, Inc.

is pleased to announce the addition of

Michael P. Eagan

to our staff as a

Senior Project Manager

for more information, please visit us at www.wegnet.com

Michael Eagan has joined WEG in our Lakeland, Florida office. He brings with him more than 19 years of experience, 11 of which was spent working in Florida, in all phases of natural resources consulting, focusing primarily on wetland ecology and mitigation, stream restoration, natural systems assessment, and listed species surveys. He has specialized experience in wetland and stream mitigation and has developed, submitted, and successfully permitted numerous Section 404/401 and buffer permits in North Carolina, Georgia, and Florida.

Michael has been responsible for managing multiple complex projects and multi-disciplinary project teams. He is adept at coordinating projects with clients; keeping them abreast of current federal, state, and local environmental regulations.

Michael, a graduate of the University of South Florida, will join WEG as a Senior Project Manager in our Lakeland, Florida branch office:

1102 South Florida Ave.
Lakeland, FL 33803
Phone: (863) 686-1718
Fax: (863) 686-1957
MEagan@wegnet.com

Please join us in welcoming him to the team!

WEG is a full-service environmental consulting and engineering firm that serves both the public- and private-sectors in providing cost-effective solutions to today's complex environmental issues. The firm offers specialized environmental services in the areas of Regulatory Permitting, Ecology, Water Resources, Wetland Mitigation, Stream Restoration, Construction Administration, and Golf, Parks & Athletics.
